EMPLOYER ENGAGEMENT

Hosted in our new modern school, we are proud to be able to launch our Careers Fair.

The Careers Fair is important to us as it allows our student to fully engage with local employers and training providers. It allows the students the opportunity to talk directly to and interact with employers, gaining a clear understanding of the pathways to roles. A Careers Fair and Employer Engagement should aim to inspire students to achieve better things in this ever changing world.

We are looking to engage with Employers from the following sectors:-

- Financial and Professional Services
- Health
- Retail
- Education
- Manufacturing, Technology, Engineering and Science
- Hospitality and Tourism
- Transport and Storage
- Wholesale
- Construction
- Public Administration

We are keen to work with local employers and to support our goal for more meaningful employer engagement and we would like to know how you would like to become more involved. Recent research has shown that employer engagement is pivotal in providing students with a deeper understanding of the world of work, employability skills and more importantly further raising the aspirations of our students.

The opportunities already planned for the forthcoming academic year are:-

- Business of Interviews
- Career Café
- Bringing lessons to life- curriculum relevance
- Work Placement
- Teaching staff / Employer business networking

Is there something else we didn't think of!
