

Engineering Email to applicants (Mrs MacGillivray)

Dear Student

We are delighted that you have taken an interest in studying our Design Engineering A level at The Deanery CE Sixth Form College. We are proud to have a consistently high pass rate and last year we were the best performing A level subject in our 6th form. Engineering at The Deanery continues to grow and is our most popular subject. It is a subject valued by employees and universities, and a good number of our past students have gone on to very exciting careers within this area. We would like to take the opportunity to inform you that we are available, via email, should you wish to discuss anything Engineering related. Attached is the Design Engineering bridging unit that we would like you to complete, as it includes some of the areas that you will be studying if and when you start your course.

You may also wish to access the OCR Cambridge Technicals Level 3 Extended Certificate in Engineering bridging unit as well, this can be accessed at <https://www.deanery.wigan.sch.uk/portal-bridging/>

If you require any information or support, please feel free to contact me on the email address below.

Yours faithfully,

Mrs C MacGillivray
Assistant Head of Art, Technology and Engineering

Mrs C.Macgillivray: smacgillivrayc@deanery.wigan.sch.uk
