

General Data Protection Regulation (GDPR)

From the 25th May 2018, new regulations will be introduced which affect how our School handle people's data.

This is called the General Data Protection Regulation. Compliance with the regulations will be an ongoing process and the School have appointed a data protection officer to advise and manage compliance with the regulation.

For staff: We will be publicising policies and procedures as well as providing training to staff in the coming months to ensure you are fully aware of what the new regulations mean, how this affects your data as well as the obligations that fall on you (and the School generally) for handling data.

In the meantime we thank you for your patience whilst we take the necessary steps set by the new legislation and guidance with handling data.

For parents: We will be publicising policies and procedures and notices that are compliant with the new regulations in the coming months and will keep you informed of any developments. For the time being, your child's data will be handled in the same manner in accordance with legal principles.

In the meantime we thank you for your patience whilst we take the necessary steps set by the new legislation and guidance with handling data.

The Data Protection Officer is responsible for overseeing data protection within the School so if you do have any questions in this regard, please do contact them on the information below: -
