

Midshire Signature Services are the catering partner at The Deanery CofE High School and launched the service in the school in February 2024. Midshire are an independent family run contract caterer, owned by husband and wife duo, Sue & Phil Bradwell. We blend our passion for freshly cooked food with industry leading technology to ensure the food we serve daily can be sourced, traced, carbon monitored and conform to all allergen, nutritional and dietary requirements. Developing age-appropriate brands and offers that place great emphasis upon the connection between food and young people. In partnership with the school over the last two years, we have improved the overall experience of break and lunch times while also meeting with the school council to gather great feedback on the whole menu offer, we have supported an important sustainability initiative which means that your school catering is now single use plastic free!

The Deanery High School kitchen recently underwent an environmental health inspection after which was awarded 5 stars, this is a testament to the hard work, commitment and high standards produced by the team on a daily basis.

Meet the Catering Team

Come and say hello!
